Description:
This database is an index to individuals enumerated in the 1850 United States Federal Census, the Seventh Census of the United States. Census takers recorded many details including each person's name, age as of the census day, sex, color, birthplace, occupation of males over age fifteen, and more. No relationships were shown between members of a household. Additionally, the names of those listed on the population schedule are linked to actual images of the 1850 Federal Census. John Baldwin III our 7th great grandfather, was the first member of John, Jr. family to leave the confines of Newark and to take up residence in Hanover, Morris, New Jersey on the banks of the Passaic River. No special facts have been found which might have encouraged him to do so. The settlement in Newark had just been established when John III was born.

Perhaps the conflicts which existed between the settlers and the Proprietors convinced him to find a more peaceful place to raise his family. While his father continued his efforts to secure more land, John III's first son, Josiah, was born. The exact date of birth of Josiah is not known, but occurred somewhere between 1700 and 1702. Although no riots had yet occurred, the settlers knew that much tension existed between their wants and desires and those of the proprietors (see John Jr.s section). As far as we can tell, he lived his life in Hanover, and died sometime after 1743.

In 1742, John paid his children 200 pounds to take care of him the rest of his life. He was 73 years old at that time and was living in Hanover. John died some time after 1743.

John of Hanover's wife is listed by some as Lydia Harrison. However, no proof is offered for that name or any other name.

We could find little or no information on John, his wife and children. We do know that John wanted out of Newark and made the decision to move to Hanover, New Jersey, to a settlement on the banks of Passaic River. As far as we can tell, he lived his life in Hanover, and died sometime after 1743. In 1742, John paid his children 200 pounds to take care of him the rest of his life. He was 73 years old at that time and was living in Hanover.

About FamilySearch Pedigree Resource File:

The Pedigree Resource File is a new lineage linked database of records available on compact disc containing family history records submitted by individuals through FamilySearch Internet Genealogy Service. Family information is organized in family groups and pedigrees and includes submitted notes and sources. Many charts and reports can be printed from this data. Each disc contains about 1.1 million names. With the publication of every five discs, a master index for those discs will be published and packaged with that set of discs. With the publication of every 25 discs, a master index for those discs will also be published and packaged with that volume of discs. Discs may be purchased as sets or volumes.

Notes on Harrison Baldwin reported by Kindred Konnections, Jay Silverstein, exceptional documentation (si000469)

Harrison was an undertaker and carpenter. After running a funeral parlor in Lum, Michigan for some time he moved to Oxford, Michigan, where for many years he was the village Funeral Director, and a carpenter, making the caskets which he used in his business. It is not known if he made the furniture he sold. It is said he was the 1st funeral director in Oakland County, Michigan.

The Pedigree Resource File is a new lineage linked database of records available on compact disc containing family history records submitted by individuals through FamilySearch Internet Genealogy Service. Family information is organized in family groups and pedigrees and includes submitted notes and sources.

☐ Many charts and reports can be printed from this data. Each disc contains about 1.1 million names. With the publication of every five discs, a master index for those discs will be published and packaged with that set of discs. With the publication of every 25 discs, a master index for those discs will also be published and packaged with that volume of discs. Discs may be purchased as sets or volumes.

The Pedigree Resource File is a new lineage linked database of records available on compact disc containing family history records submitted by individuals through FamilySearch Internet Genealogy Service. Family information is organized in family groups and pedigrees and includes submitted notes and sources.

☐ Many charts and reports can be printed from this data. Each disc contains about 1.1 million names. With the publication of every five discs, a master index for those discs will be published and packaged with that set of discs. With the publication of every 25 discs, a master index for those discs will also be published and packaged with that volume of discs. Discs may be purchased as sets or volumes.
